

## College Interview Questions

Below are questions typically asked in a college interview. Plan what you will say in response to these questions and practice saying your answers out loud before the interview.

1. Why do you want to go to college?
2. What are your career goals?
3. What do you hope to major in?
4. Why did you choose this school?
5. Why should this school accept you?
6. What were your favorite courses in high school?
7. What extracurricular activities were you in?
8. What are your hobbies and talents?
9. What kind of jobs have you held?
10. Do you plan to work while going to school?

If you are applying to a special program for learning disabled students, you may also be asked some of these questions:

1. What is your learning disability?
2. How does it cause you difficulty?
3. How do you compensate for it?
4. What are your strengths? Your weaknesses?
5. What writing classes did you have in high school?
6. What kind of assistance did you get in high school?
7. What services do you think you will need in college?
8. What accommodations do you think you will need?
9. Do you plan on taking a full course load?
10. How do you plan your study time?
11. How much time do you study each day?
12. Have you ever taken a study skills class? What skills did you learn?
13. Are you willing to work harder than other students to earn a college degree?
