ACCESSING CRIME STATISTICS FROM THE PENNSYLVANIA STATE POLICE (PSP)

As a result of Act 73 of 1988, the College and University Security Information Act, Thaddeus Stevens College of Technology is required to report to the Pennsylvania State Police specific statistics on the crimes that occurred on its campus during each calendar year. The Pennsylvania State Police must then publish these crime statistics in its Annual Uniform Crime report, *Crime in Pennsylvania*. These statistics can be accessed from the Pennsylvania State Police's web site:

<https://www.ucr.pa.gov/PAUCRSPUBLIC/Home/Index>

CAMPUS SEX CRIMES PREVENTIOIN ACT (CSCPA)

Registering Sex Offenders on College Campuses

A federal law passed by Congress in October 2000 requires that offenders notify the state if they are a student at, or work on, the campus of an institution of higher education. An offender must register with the state if he or she is employed:

- With or without compensation
- Full-time or part-time
- For a period of more than 14 days
- For an aggregate period exceeding thirty (30) days in a calendar year.

According to the Campus Sex Crimes Prevention Act, convicted sex offenders must register with police if they enroll in classes or take a job at a college or university. In addition, schools can release sex offender registry information without fear of violating the Family Educational Rights and Privacy Act of 1974 (FERPA).

In accordance with the “Campus Sex Crimes Prevention Act” of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974; the Thaddeus Stevens College of Technology Security Department provides a link to the Pennsylvania State Police Sex Offender Registry. This act requires that institutions of higher education advise its campus community on the whereabouts and information regarding registered sex offenders. Persons who are registered sex offenders must also disclose this information to the institution of higher education where they are employed, carry a vocation, or are enrolled as a student.

Information can be obtained by calling the State Police Megan’s Law unit at: 866-771-3170. The available information identifies who must register, and the sexually violent predator list. This information is also available online at www.pameganslaw.state.pa.us. In addition, similar information for the Lancaster area (including Thaddeus Stevens College of Technology) can be obtained by contacting the Lancaster City Police Department at 717-735-3357. Pennsylvania’s Megan’s Law, 42 Pa. C.S. §9799.1, requires the State Police to create and maintain a registry of persons who have either been convicted of, entered a plea of guilty to, or are an adjudicated delinquent of certain sex offenses listed in 42 Pa.C.S. §§9795.1 and 9795.2. Additionally, the Pennsylvania State Police is required to make certain information on registered sex offenders available to the public through an internet website. The Pennsylvania State Police has established this website according to the requirements of 42 Pa.C.S. §9798.1.

Lastly the Act amends the Family Educational Rights and Privacy Act of 1974 to clarify that nothing in that Act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders; and requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted. This amendment became effective October 28, 2000.

The Head of Security will interview guards for employment at TSCT.

If a security person is selected and later found unable to work effectively with the Thaddeus Stevens College of Technology (TSCT) community, the College reserves the right to have him/her replaced.

Specific training that security guards undergo on the TSCT campus is directed and monitored by the Head of Security for TSCT/Account Manager for Allied Universal.

Daily and monthly meetings between the Head of Security/Account Manager, Vice President of Student Services, and the Director of Residence Life are aimed at continued familiarization with the TSCT student population, and at effectively handling issues and possible concerns. This is an important supplement to the formal training received from the Head of Security/Account Manager. Criminal offenses should be reported to the Security Department but may be reported to the Vice President of Student Services or the Director of Residence Life.

*All incidents must be reported to the Security Department.

POLICIES CONCERNING THE COLLEGE'S RESPONSE TO REPORTS

Upon receiving a report of a violation, Campus Security Officers are dispatched immediately to the site of the complaint. Security Officers prepare and submit written reports on all calls answered and if necessary, will contact the Pennsylvania State Police, City or the Lancaster Police Department or other emergency response teams as appropriate to request their presence at the site. Officers are also required to provide follow-up reports at the conclusion of their investigations. Copies of reports are located at the Griscom Education Center Security desk with the Head of Security: Mr. Robert Polashuk.

POLICIES CONCERNING CAMPUS LAW ENFORCEMENT

Authority of Security Personnel

Campus security at TSCT does not possess the authority to arrest individuals who are in violation of federal or state law. They do have the responsibility to gather all pertinent information from individuals in violation of TSCT rules and policies, as well as state or federal laws and immediately contact the proper authorities to investigate the initial charges where appropriate.

A student or person at TSCT must subject him or herself to a room, vehicle, or personal search on the basis of reasonable cause or just cause. A search will consist of a faculty or staff member along with Security Personnel, except in emergency situations or as designated in the student handbook.

A Security Officer may use force against another person only to defend him or herself or another person. Once the perpetrator has been neutralized, or no longer hostile, the use of force is not permitted.

Relationship with State and Local Law Enforcement Agencies

The working relationship of campus security with state and local police has been a favorable one at TSCT. The normal operating procedure is that the initial contact is made from the TSCT Security Department to the Pennsylvania State Police, Lancaster City Police, or Manheim Township Police have also intervened in emergency cases.

A police officer (City or State) is called at the discretion of the Security Officer and/or at the request of the Administration, Faculty or Staff.

A Security Officer may not assist a Police Officer in an arrest or apprehension unless requested by the Police Officer. In addition, a Security Officer will yield all information to the Police Officer immediately upon request for an investigation.

**POLICIES WHICH ENCOURAGE ACCURATE
& PROMPT REPORTING OF ALL CRIMES**

All violations of state and federal law are reported to the appropriate law enforcement agency and subsequent investigations and decisions are then rendered by that body.

During an investigation or questioning session with a student, the Security Officer will document the time and date the request was made on the required "incident" report. All relevant information (i.e., State Police Incident Number, etc.) will be included in the report.

CAMPUS SECURITY PROCEDURES AND PRACTICES

How to Make Special Requests

In order for an outside agency or individual to utilize the TSCT facilities, it is necessary to first contact the College's President. The President will determine whether or not a group will be permitted use of the facility.

All requests to use a particular room on campus must be submitted, in writing to the President, at least two weeks in advance of the date of the event. If approved to use a TSCT facility, Campus Security will unlock the room at the time requested.

All employees or others approved to use TSCT facilities for programs or events must sign a waiver (Hold Harmless Agreement) exonerating the institution from liability in the event of an accident. The individual or group must also provide insurance, holding the College harmless in the event of an accident or damage to person or property.

All requests to have additional Security Officers at special events must be submitted, in writing, at least two weeks in advance of the event.

Campus Escort Services

Campus escort services are available to TSCT students. Any student wishing to use this service should contact Campus Security (717-391-7225) or (717-286-4607) to arrange for escort services. CRIME PREVENTION

Introduction

Thaddeus Stevens College of Technology is committed to protecting the lives and property of its faculty, staff, and students through a well monitored Safety and Security Program on campus. The College contracts with a private security company to provide trained security officers to patrol the campus 24-hours a day. Security will respond to all requests for services and attend to all situations that affect the safety and security of faculty, staff, students, and visitors.

During the past ten years new lighting has been installed throughout campus, ranging from mercury lights on seven different buildings to pole lighting on campus roadways and on or near campus buildings.

In addition, the installation of a gate on the northeast segment of campus has significantly reduced the flow of outside traffic throughout campus in an attempt to minimize thefts or other on campus incidents. The placement of speed bumps at strategic places on campus has also had a positive impact on reduction of outside traffic.

Also, the continual locking of a large gate on the southwest end of campus, which heretofore had been locked and unlocked on a daily basis, has reduced the number of problems in that area of campus.

In the spring of 1995, a cul-de-sac was erected which significantly reduced outside traffic flow and added increased safety to the campus grounds.

In 2000, the College replaced all the cores in the Residence Halls with a Premium Keyway System that is not available to the public. All keys and cores must be purchased from the manufacturer and cannot be duplicated locally.

At the close of each academic year, the College removes and replaces all cores on interior doors to student rooms thereby assuring that a previous occupant cannot access dormitory rooms. As part of major renovations to our dormitories, all dormitory rooms have swipe card access in addition to a key system.

A parking shed was erected during the 2000-2001 academic year. The parking shed is located at a strategic location adjacent to the Hartzell Parking lot, which provides visibility to the campus community. When necessary, a security officer is assigned to the parking shed during the evening and/or early morning hours.

CRIME PREVENTION (cont.)

The College also purchased a software system that stores identification photos on-line.

The Multi-Purpose Activity Center (MAC) includes an electronic security system, which requires an ID card to access the facility. Eighteen cameras have been strategically placed within the facility. Six cameras have been placed on the exterior of the building and are capable of scanning and recording approximately 65% of the campus. The cameras are monitored by campus security and the building managers. In addition, the College expanded security services from 168 to approximately 504 hours per week.

Cameras are also located in the Jones Dining Hall.

Monthly security meetings are documented, minutes are distributed, and action items are recorded to assure a safe and secure working and learning environment.

The College also has an electronic card access system on the main door of each dormitory, thus allowing students immediate entrance to the building after hours.

The College has updated its telecommunications system which allows the College to send text and voice messages to all telephones. This is accomplished through the use of Rave Alert software.

Several methods of communicating with faculty, staff and students during an emergency are deployed. These methods include mass notification through Voice Mail, Email, Rave Alert, Desktop Popups, and loudspeakers. The College has established an Emergency Operations Center in the Mellor Building.

CRIME PREVENTION (cont.)

The College has 84 security cameras inside the Griscom Education Center along with six exterior security cameras. In addition, five security cameras were strategically placed in the Naval Reserve Lot. Three security cameras were also placed in the Cottage Avenue Lot along with seven in the Clark Street Lot.

Six upgraded security cameras were also placed in the Multi-Purpose Activity Center (MAC).

Five new security cameras were strategically placed around the exterior of the Woolworth/Snyder Buildings.

A Fire Pull station system was put in place at the Greenfield Facility as an added safety and security measure.

The College has three security cameras on the Greenfield campus.

The College has six security cameras in Armstrong Hall. Along with six security cameras in Herrington Hall.

Two exterior security cameras were placed in the Schwalm Parking Lot. Between both cameras they are able to capture 95% of the parking lot.

The College has a security camera on the Schuler Learning Resource Center that covers the exterior area of Academic Drive between the rear of the Mellor Building and the Main Campus Shuttle Stop. The College also added a Network Video Recorder that allows the College to add up to 64 additional cameras down the road.

There are four exterior security cameras in the Hartzell Parking Lot. This provides a sustained and continuous effort, from an administrative and maintenance standpoint, to make both procedural and physical changes to address security concerns.

In 2019, the College added 40 camera views to the Greiner Campus. With the addition of the Greiner Campus and increased enrollment, the College increased weekly security hours from 512 per week to 632 per week.

In 2020, camera locations were changed to focus on residence hall expansions and high focus areas.

In 2021, The new Transportation Center was completed. Pull stations for fire safety were added, as well 15 surveillance cameras to address security concerns.

CRIME PREVENTION (cont.)

What TSCT/Security has done

The College Administration increased exterior lighting on campus, added additional guards during late night rounds and trimmed trees and shrubs to make the campus a safer place for its students.

The College installed exterior emergency telephones at the main entrance to each building on both the Main campus and at the Griscom Education Center.

To ensure the safety of its students, the College contracts with a local transportation company to provide shuttle service between both the Main, Griscom Education Center, Greiner and both Greenfield Campuses. The service is provided free of charge to all students enrolled at the College.

In the future, the College intends to add lights at each exterior emergency telephone for easy identification during evening hours.

The College has upgraded its telecommunications system to Voice Over IP.

The College will continue to identify areas for improvement to ensure a safe and secure learning environment for its students, faculty, and staff. Additionally, the College has embarked on a comprehensive training program that includes several methods of mass notification for emergencies. These methods include Voice Mail, Email, Rave Alert, Desktop Popups and Loud-Speakers.

The Safety and Security Department requests that criminal acts and unusual or suspicious activity be reported immediately. The Security Department has established a close working relationship with local law enforcement agencies as well as other social organizations in the community.

The Security Department conducts the preliminary investigations of non-violent crimes or offenses. However, the Security Department will request immediate response from the City of Lancaster Police Department or the Pennsylvania State Police Law Enforcement Agency for crimes in progress, crimes against a person or medical emergencies.

3. Students with physical disabilities will be assigned a "Blue" decal for parking in handicapped accessible spots. Should none be available, they may park in any student lot.
4. The purchase of the parking decal does not guarantee a parking spot is available in the exact location, or at the exact time, the student arrives on campus. It only gives the student permission to park in any available spot in the area assigned. Lack of a legal parking space is not a valid excuse for violation of any parking regulation. Parking at the College is on a first come, first serve basis.

TSCT PARKING REGULATIONS (cont.)

5. Students who attend classes at Greenfield may park at that site with any color parking decal.
6. Students who attend classes at Greiner, are only permitted to park vehicles on that site if they have a decal. They may only park in student parking in the back and around the island in the front side. Otherwise, they should take the shuttle.
7. Students are not permitted to park on any city street that is adjacent to a TSCT facility.
8. The absence of a “No Parking” sign does not mean that parking is allowed. Students are not allowed to park their vehicles in the Mellor parking lot, or any parking spot labeled Faculty/Staff.
9. If you receive a parking ticket, Campus Security will place the ticket under the windshield wipers of your vehicle or hand the ticket to you.
10. Thaddeus Stevens College of Technology and the Commonwealth of Pennsylvania assume no responsibility or liability for loss or damage to any vehicle operating or parking on the College’s property.
11. The person registering the vehicle will be responsible for all parking violations of the registered vehicle.
12. The operator/owner of the vehicle shall be responsible for all violations of an unregistered vehicle.
13. The College reserves the right to restrict parking for special purposes at any time. In addition, students are not allowed to park in a fire lane, handicapped space or next to trash dumpsters at any time.
14. Students must report the location of a disabled vehicle to Campus Security immediately. Failure to report a disabled vehicle will be considered a parking violation.
15. Any vehicle, disabled or otherwise, posing a hazard to the safety and security of faculty, staff and students will be towed from campus at the expense of the owner/operator.

IV. OFFENSES & FINES

A person who commits a parking offense will be fined the specified amounts if he or she violates any of the below list. NOTE: In addition to the fines described below, parking violations will result in the disabling or towing of a vehicle as specified in sections VII and VIII of these regulations.

TSCT PARKING REGULATIONS (cont.)

1. A student parking a motor vehicle anywhere except in a designated parking area will be fined.
2. A student parking a motor vehicle in an area that is posted will be fined.
3. A student parking a motor vehicle on grass/lawn or other areas clearly not used for parking will be fined.
4. A student parking a motor vehicle in a reserved handicapped space without a handicapped license plate or decal will be fined.
5. A student parking a motor vehicle on campus, who does not have a valid parking permit decal, will be fined.
6. A student parking in a fire lane will be fined. In addition, the vehicle may be towed at the owner/operator's expense.

Parking Fines: 1st Offense \$10, 2nd Offense \$15, 3rd Offense \$20, 4th Offense \$20 along with boot placed on vehicle. All succeeding offenses will be considered a violation of College Policy and may result in disciplinary action.

2. Fines or penalties must be paid within five (5) business days from the date of issue.

VI. UNPAID FINES OR PENALTIES

Fines not paid by students within five (5) business days will be administered as follows:

1. The College will place a hold on all school records until the fines and penalties are paid.
2. At the end of the academic year, all unpaid fines will be sent to the Attorney General's office for collection.

VII. AUTO BOOTING

Vehicles which have a record of the following parking violations will be ticketed and immobilized with an auto boot:

1. Accruing four (4) or more parking violations.
2. Parking on campus after all parking privileges have been revoked.
3. Parking in a space reserved for the handicapped.
4. Parking in a fire lane.
5. Refusing to move a vehicle when directed to do so.
6. Leaving a vehicle illegally parked for more than 24 hours.

TSCT PARKING REGULATIONS (cont.)

In addition, the vehicle may be immobilized with an auto boot until the vehicle can be towed off campus (for whatever reason the College deems necessary to maintain the safety and security of the faculty, staff, and students).

The auto boot will remain on the vehicle until the following conditions are satisfied:

1. The violator has paid all past parking violation fines and penalties.
2. The violator has registered the vehicle and has displayed a valid parking permit decal.
3. The violator has paid an additional \$25 fine to cover the cost of applying the auto boot.

VIII. TOWING OF VEHICLES

Vehicles may be towed when:

1. The parked vehicle interferes with the movement of emergency vehicles or endangers the life or property of others.
2. Abandoned.
3. The vehicle is parked in an area reserved for handicapped persons.
4. The vehicle is parked in a fire lane.
5. The vehicle is parked in an area that blocks a handicapped ramp.

Towing and storage charges are the responsibility of the owner and/or operator of the towed vehicle. Vehicles that are towed from campus may result in the loss of parking privileges for a period of one semester.

EMERGENCY PREPAREDNESS PROCEDURES (cont.)

Campus Safety Alerts

Should a situation arise that, in the judgment of the President or designee, constitutes an ongoing or continuing threat, a campus wide “warning” will be issued. These notifications are electronically transmitted to every computer terminal on campus, excluding personal workstations. Staff, faculty, and students must be logged on to receive the emergency alerts. The college has the capability of sending emergency text messages to faculty, staff and student’s cell phones that have registered for the service. A verbal broadcast can be sent out through the Mellor Clock Tower in the Mellor Building along with the public paging system throughout the Griscom Education Center.

Emergency Alert Levels

Critical incidents can be classified by four levels of response: low level, evacuation, secure in place, and resumption of *normal* operations. College officials will assess each incident, determine which alert level is appropriate, and implement mass notification as necessary.

1. Low Level Alert – Alert 1 – YELLOW

Given when an incident or situation is occurring on or near campus requiring personnel to be alert to suspicious persons and/or surroundings. All ‘Alert 2’ and ‘Alert 3’ warnings will be downgraded to a Low-Level Alert – Alert 1 – before the ‘All Clear’ is communicated.

POLICY REGARDING WEAPONS POSSESSIONS AND OR USE

It is the position of the Thaddeus Stevens College of Technology that weapons or items that have been altered to be used as such, i.e., broken hockey sticks, baseball bats (broken or otherwise), metal poles and the like, are in direct opposition to a safe free learning environment. Therefore, any student found in possession of such items will be subject to suspension or expulsion from the school. Other items qualifying as weapons include, but are not limited to, guns of any sort, bow and arrows, num-chuks, brass knuckles, mace* black jacks, machetes, sling shots, and knives (excluding pocket-knives, i.e., folding knives with more than one blade or folding knives with blades no longer than 3” in length.)

These items when discovered will be confiscated by college personnel and turned over to legal authorities where appropriate.

*Students may carry mace or any of the various pepper sprays as allowed by the laws of the Commonwealth. Students that discharge mace or any of the various pepper sprays as allowed by the laws of the Commonwealth, for any reason other than self-defense, will be guilty of the unauthorized use of the same and thereby subject to suspension from or expulsion from Stevens.

First Offense:

Up to five-day (5) college suspension and a recommendation for expulsion from the College.

If the student is a resident and retained by the College, then he/she will be suspended from the residence halls for the remainder of the semester and continue to be on probation. In addition, the student will be held to the same constraints as outlined below for a commuting student. (An Individuals return to the dorm at the outset of another semester will be subject to review and approval of the Vice President of Student Services and Director of Residence Life.) If a student is a commuter and retained by the College, then he/she will remain on probation for the remainder of the semester and not be permitted on campus after 6:00 PM for the same time period. (An individual’s return to campus after 6:00 PM at the outset of another semester will be subject to review and approval from the Vice President of Student Services and Director for Residence Life.)

**POLICY REGARDING
NON-ALCOHOLIC BEER OR ASSOCIATED BEVERAGES**

In the best interest of the student and the College, non-alcoholic beer and other associated beverages are not permitted on campus or in the residence halls. If you are found to be in possession of these beverages, you will be asked to dispose of or remove them from the campus. Not complying with this request is a major violation of the College Code of Conduct.

PENNSYLVANIA LAW REGARDING THE POSSESSION, USE, AND SALE OF ALCOHOLIC BEVERAGES

1. All persons while in the Commonwealth of Pennsylvania are subject to the Pennsylvania Liquor and Penal Code.
2. It is illegal for anyone who has not reached the age of 21 to possess, transport or drink alcoholic beverages in Pennsylvania.
3. The law also prohibits the selling or furnishing of alcoholic beverages of any kind to persons under 21 years of age by any agency or person. "Furnish" is defined as: "To supply, give or provide to, or allow a minor to possess on premises or property owned or controlled by the person charged" (Pennsylvania Crimes Code, 1986).
4. In addition, it is unlawful to misrepresent one's age to any person to obtain alcoholic beverages or to represent to any person that a minor is of age.
5. Further, it is unlawful to transport liquor, which was not purchased, obtained, or possessed according to Pennsylvania law.
6. It is illegal to possess, manufacture, or sell a false I.D. card whether or not the card is used to obtain alcoholic beverages by using another person's I.D. card.
7. The law has been interpreted to mean that no person under 21 years of age may pay assessments, which will be used in whole or part for the purchase of alcoholic beverages.
8. Finally, it is against the law to charge admission to an event where alcohol is being served (or to sell alcoholic beverages) without a liquor license. The college does not have a liquor license nor in any way promotes or sanctions the use of alcohol.
9. All students should be aware of the following sections of the 1986 revision of the Pennsylvania Crimes Code, Title 18, Act 31: Liquor Law Violations and Penalties, Section 6307 Misrepresentation of Age:

A person, being under the age of 21, knowingly and falsely represents themselves to be 21 years of age or older for the purpose of procuring or having furnished to them, any liquor or malt or brewed beverages.

Subsequent Offense(s): Misdemeanor III – MANDATORY SENTENCING

DRUG AND ALCOHOL POLICY

The College's Drug-Free Campus Policy (referred to as "the Policy") can be found in its entirety online, posted in the residence halls, and in the Student Services Office on campus. The complete policy includes the scope, application, student responsibilities and duties, drug, and alcohol testing, and prohibited conduct.

Students enrolled in safety sensitive programs will be required to participate in random drug and/or alcohol testing while enrolled. Students enrolled in the college may be required to submit to a drug and/or alcohol testing when it is determined that there is reasonable suspicion that the student is using drugs and/or alcohol. "Reasonable suspicion" is defined by the Policy listed below. Failure to consent to any requested test will result in immediate recommendation for expulsion from the college. Below are some of the portions of the Policy that related to student conduct and discipline.

STUDENT PROHIBITED CONDUCT

Illegal Drugs: It is a violation of the Policy for a student to sell, manufacture, distribute, dispense, use, possess, purchase, obtain, transfer, convey, be under the influence or test positive for controlled substances, as defined hereafter, in contravention of federal or state law (or to attempt any of the foregoing acts). "Controlled substance" is defined in the Policy as a drug which has been declared by federal or state law to be illegal for sale or use but may be dispensed under a physician's prescription.

Prescription Drugs: Prescription medication usage while the student is subject to the terms of this Policy is not prohibited when taken in standard dosage and/or under a physician's written prescription, provided, however, that the prescribed drug would not pose a threat to campus safety or render the student unfit-for-duty. Abuse of prescription drugs is strictly prohibited including, but not limited to, exceeding the prescribed dosage, using a prescription medication for a purpose not intended or using a prescribed medicine which was prescribed to another individual.

Over-the-Counter Drugs: Over-the-counter medication usage is not prohibited when taken in the standard dosage, provided, however, if taken as directed it does not render a student unfit for duty or otherwise negatively impact campus safety. The College prohibits Students from being under the influence of mood-altering over-the-counter drugs used contrary to the product's labeling (i.e., misuse of over-the-counter drugs) while subject to the terms of this policy.

Alcohol: The College prohibits Students from illegally using, possessing, selling, buying, distributing, or illegally attempting to distribute, manufacture, or being involved in illegal alcohol-related conduct, including but not limited to, driving under the influence and underage drinking violations, while subject to the terms of the Policy. For purpose of the Policy, the term alcohol includes any intoxicating agent in beverage alcohols, ethyl alcohol, or other low molecular weight alcohols and includes any medication or food containing alcohol. Furthermore, the College prohibits its students from following alcohol-related conduct while subject to the terms of this Policy:

DRUG AND ALCOHOL POLICY (cont.)

1. Possessing opened containers of alcohol;
2. Using, consuming, distributing, manufacturing, dispensing, or being under the influence of alcohol;
3. Operating a motor vehicle on campus property while under the influence of drugs and/or alcohol;
4. Using or consuming alcohol within four (4) hours before arriving on campus and participating in any campus related activities or program related coursework and operating any tools or machinery.
5. Consuming alcohol within eight (8) hours following an accident and/or before a post- accident test as specified in the Policy.

Inhalants and Legal Substances: Students are prohibited from being on campus property or participating in campus related activities or program related coursework and operating tools or machinery while under the influence of, or using while at school, any inhalant. An “inhalant” is defined as any glue, paint, aerosol, anesthetic, cleaning agent, solvent, or other substance that, when inhaled or ingested, will cause a condition of intoxication, euphoria, excitement, exhilaration, stupefaction, or dulling of senses and that contains chemicals including, but not limited to: toluene, xylene, hexane, acetone, methylene chloride, methanol, Freon(s), benzene, (iso) amyl nitrate, (iso) butyl nitrite, (iso) propyl nitrite, N-butyl nitrite, butane, propane, fluorocarbon, hydrocarbons, ethyl chloride, nitrous oxide, halothane, tetrachloroethylene, trichloroethane, or trichloroethylene.

Other substance used to create altered state: The College also recognizes that certain legal substances can be used as an alternative to illicit substances to create a condition of intoxication, euphoria, excitement, exhilaration, stupefaction, and/or dulling of the senses. Students are prohibited from being on campus property or participating in campus related activities or program related coursework and operating tools or machinery while under the influence of, or using while at the College, any such legal substance for these purposes.

DRUG AND ALCOHOL TESTING

Random drug and alcohol testing. Students enrolled in safety-sensitive programs are defined by the Policy will participate in random drug and alcohol testing. Students will be selected randomly for a drug and alcohol test using computer generated random numbers to identify students for testing. Students selected for a random drug and alcohol test must comply and agree to be tested within 12 hours of notification by the College or test results will be recorded as positive and treated according to the Policy.

Reasonable Suspicion: The College shall require a Student to submit to reasonable suspicion drug and/or alcohol testing when, in the sole judgment of the College and based on information known at the time the decision to test is made, the Student is unfit for duty or there is a reasonable suspicion to believe that a Student is using drugs or alcohol in violation of the College’s Policy or exhibits the physical signs and symptoms of substance abuse. The evidence will be drawn from specific, objective facts and reasonable inferences. Such facts and inferences may be based on, but not limited to, any of the following:

DRUG AND ALCOHOL POLICY (cont.)

1. Observable behavior, such as direct observation of drug or alcohol abuse, possession or distribution, or the physical symptoms of being under the influence of drugs or alcohol such as, but not limited to slurred speech, dilated pupils, odor of alcohol or marijuana, dynamic mood swings, etc. Observation may include indication of the chronic and withdrawal effects of illegal use of drugs;
2. A pattern of abnormal conduct, violent or erratic behavior or deteriorating performance in college related activities which appears to be related to substance abuse or misuse;
3. The identification of a student as the focus of a criminal investigation into unauthorized drug possession, use, trafficking, or misuse of alcohol, including the admission by the student that he/she is involved in the illegal use of drugs or misuse of alcohol;
4. Repeated violations of the College's code of conduct, safety or College rules that pose a substantial risk of physical injury or property damage and appear to be related to substance abuse or misuse that may violate the College's Policy;
5. A report of drug or alcohol use provided by reliable and credible sources, and which has been independently corroborated;
6. Evidence that an individual has tampered with a drug or alcohol test; or
7. A Student's failure to report an accident.

Post-Accident: The College may require a student involved in a campus related accident to submit to a drug and/or alcohol testing following the accident. The College may also test any individual whose performance created a “near miss or unsafe condition” or was a contributing factor to a campus related accident. This determination shall be based on the best information available at the time of the accident.

The post-accident test will be administered as soon as possible. In no way is this post-accident test requirement intended to delay the necessary medical treatment for an injured person(s) following an accident or to prohibit a student from leaving the scene of an accident to obtain medical assistance for others or for personal medical assistance.

In order to ensure the appropriate application of this Policy, Students are required to report the occurrence of accidents to their instructor, nurse, residence hall director or other assigned staff within 24 hours of the occurrence and thereafter submit to a post-accident test as directed. The failure to timely report and submit to a post-accident test will constitute a refusal to test, subjecting the student to discipline up to and including expulsion. It will also constitute reasonable suspicion to test the student once the College receives notice of said accident.

For purpose of this Policy, a “campus-related accident” is defined as an unplanned, unexpected, or unintended event that occurs on or involves college property or occurs while representing the college off campus and results in any of the following:

DRUG AND ALCOHOL POLICY (cont.)

1. A serious violation of a safety rule or the program standards;
2. A fatality of anyone involved in the accident;
3. A serious bodily injury requiring medical treatment;
4. Other serious property, vehicular or equipment damage occurs.

TESTING PROCEDURES

Procedures for Drug Testing: Testing for illegal use of drugs normally will be conducted through a 9 panel plus alcohol urine specimens collected at a collection site. The collection site will take the necessary steps to assure that the specimen is not adulterated or tampered with and that a strict chain-of-custody is maintained. Normally, the specimen will then be transported to a U.S. Department of Health and Human Services certified laboratory for screening and confirmation testing for the following drugs and their metabolites: marijuana, amphetamines (including methamphetamines), phencyclidine, opiates, cocaine, barbiturates, methadone, benzodiazepines, and propoxyphene.

Procedures for Alcohol Testing: The initial testing for alcohol normally will be conducted through either a saliva or breath specimen. If the Breath Alcohol Content (BAC) is less than 0.02, the test is considered a negative. If the screening test results show an alcohol concentration level of 0.02 or greater, a confirmation test will be conducted. The confirmation test shall be performed by using a breath specimen conducted on an Evidentiary Breath Testing (EBT) device approved for use in the United States Department of Transportation's Drug and Alcohol Misuse Prevention Program. If the confirmation test reads positive, 0.02 or greater, the test results shall be considered positive, and the student will be subject to disciplinary action as specified in this Policy.

Dilute Specimens: If the Medical Review Officer informs the College that a drug test was positive dilute, the College will treat the test as verified positive test. The "Medical Review Officer" is defined as a person who is a licensed physician and who is responsible for receiving and reviewing laboratory results generated by an employer's drug testing program and evaluating medical explanations for certain drug test results. The College shall not direct the student to take another test based on the facts that it was dilute. For negative-dilute test results, the College shall require a Student to take another test immediately, but it shall not be collected under direct observation unless there is another basis for use of direct observation. If the College directs another test, then the result of the second test, not the original test, becomes the controlling test result.

Re-collections: When the College directs the student to take another test, the student shall be given the minimum possible advance notice that he or she must go to the collection site. The result of the second test, not the original test, is the test of record. Any Student required to take another test, which is also negative and dilute, will not be permitted to take a third test. Provided, however, that if the MRO directs the College to conduct a re-collection under direct observation,

DRUG AND ALCOHOL POLICY (cont.)

the College must immediately do so. If the College directs the student to take a second test and the student refuses, the test will be treated as a positive result.

Refusal to Test and Test Tampering: Any Student who refuses to submit to testing, tampers, manipulates, adulterates, or attempts to tamper with the testing will be treated as having a verified positive test result and violating this Policy. A refusal to submit to testing shall include, but not be limited to, the following:

1. Fails to timely report a campus-related accident as outlined in Section
2. Fails to appear for any test within a reasonable time, to be determined by the College, after being directed to do so by the **College**;
3. Fails to remain at the collection site until the testing process is complete;
4. Fails to provide urine specimen when required for a drug test or saliva or breath specimen for an alcohol test;
5. In the case of directly observed or monitored collection in a drug test, fails to permit directly observed or monitored collection;
6. Fails to provide a sufficient amount of urine, saliva or breath when directed, and it has been determined, through a required medical evaluation, that there was no adequate medical explanation for the failure;
7. Fails or declines to take a second test as directed;
8. Fails to undergo a medical examination or evaluation, as directed by the MRO as part of the verification process;
9. Fails to cooperate with any part of the testing process' or
10. Is reported by the MRO as having a verified adulterated or substituted test result.

RETURN TO SCHOOL

The College shall require a Student who has violated this Policy and desires re-admission to test negative on a return-to-school drug test before returning to school. Additionally, the College may require a return-to-school alcohol test if the prohibited conduct involved alcohol, or a treatment provider recommends an alcohol test. Inclusion of this paragraph, in no way obligates the College to make an offer to readmit a student.

Follow-up: Following a determination that a student in need of assistance in resolving problems associated with alcohol misuse and/or illegal use of drugs, the student may be subject to unannounced follow-up drug and/or alcohol testing as directed by a treatment professional. The student may be required to undergo follow-up testing for both alcohol and drugs, if the treatment professional determines that follow-up testing for both are necessary for that particular Student.

Follow-up testing shall remain in place throughout the student's enrollment at the College from the date of the student's return-to-school. Inclusion of this paragraph in no way obligates the College to reinstate the student or conduct follow-up-testing.

DRUG AND ALCOHOL POLICY (cont.)

DISCIPLINE FOR POLICY VIOLATIONS

Any Student who is reasonably believed to have violated this Policy may be recommended for expulsion. To determine the appropriate sanctions for the violation of the policy the following facts associated with a violation of the policy will be considered:

1. The location of the violation. If the environment where the violation of the policy occurred or revealed during the investigation of the violation is in a safety sensitive area including but not limited to a program lab/shop, class related job site, internship placement related location, and/or at a college event the student will be recommended for expulsion.
2. The number of drugs/paraphernalia found. If the amount of marijuana found is greater than a gram, two joints, or a bundle greater than the size of a quarter (US Currency) the student will be recommended for expulsion. If the student is found with paraphernalia including but not limited to a needle (s) the student will be recommended for expulsion. A bong or roach clip alone and no other paraphernalia or violations of the Policy and/or College Code of Conduct would not cause the student to be recommended for expulsion.
3. Other violations of the Policy and/or the Code of Conduct. Any violations of the College Code of Conduct in addition to a violation of the Policy would result in the student being recommended for expulsion.

Referral to Law Enforcement. In addition to imposing discipline, the College may refer information about criminal activities and transfer any suspected illegal drugs or illegal drug paraphernalia to appropriate law enforcement.

STUDENT HEALTH ISSUES

The College encourages its students who are chemically dependent to voluntarily obtain assistance/treatment for substance abuse problems before they cause problems on campus. A Student's decision to voluntarily seek assistance for such problems will not be used as basis for disciplinary action. Students may not avoid imposition of discipline by first requesting such treatment or a leave of absence after being selected for testing or violating the College's Policy.

DRUG OR ALCOHOL ABUSE EDUCATION PROGRAMS

A Drug and Alcohol Use Survey is conducted each year and the results are presented to faculty, staff, and administrators after the start of the fall semester.

Representatives from various drug and alcohol community service providers present a program during freshman orientation for approximately one hour each year.

Students who experience problems in the dorm related to use of drugs and/or alcohol are disciplined via suspension for several days, and ultimately a loss of residence privileges.

Students are referred to a counselor for assistance with substance abuse problems, if they have requested such assistance, or if they have demonstrated through repeated problems in the classroom or dorm that they may have a problem. Counselor provides initial assessment and makes appropriate referral to community-based provider, AA, NA, etc.

Students with underage drinking fines who have lost their license, or who are required to attend counseling are interviewed by the counselor so that local service providers can be accessed, and the student can remain in school.

Various posters and handouts are available to students throughout the campus informing students about the hazards of substance use, and where to obtain help.

TIMELY REPORTS TO THE CAMPUS COMMUNITY ON CRIMES CONSIDERED TO BE A THREAT TO STUDENTS AND EMPLOYEES

Should an event take place either on or off campus property, that the President, or their designee deems an immediate or ongoing threat to public safety, a Timely Warning shall be issued.

Timely Warnings may be issued for threats to property (such as financial aid fraud, or vehicle break-ins), as well as threats to personal safety (such as street robbery, or sexual assault). It is irrelevant whether the victims or perpetrators are members of the campus community. Local police jurisdictions generally keep the College Security informed when such crimes take place in their jurisdiction.

The format for a Timely Warning is not mandated under the Campus Right to Know Act. Such warnings may be distributed through campus email to faculty, staff, and students, in poster form. Timely Warning posters are placed in campus buildings in such a manner as to likely come to the attention of persons entering or leaving the building, such as residence halls, the library, or student center. Warnings will also be placed on the College Web Portal.

Those persons charged with generating Timely Warnings will make every effort to avoid unreasonable delays in presenting the information to the campus community. Pursuant to the Campus Right to Know Act, warnings will be issued as soon as pertinent information is available to the security regarding the event. However, the College Security may not issue a Timely Warning if:

- The crime was revealed to a pastoral or professionally licensed counselor.
- The department apprehended the suspect(s) and the threat of imminent danger for members of the community is mitigated.
- Issuing a Timely Warning would severely jeopardize an ongoing criminal investigation or the safety of an individual.
- Issuing a Timely Warning would possibly cause a suspect to flee or evade detection.
- Issuing a Timely Warning would result in the destruction of evidence.
- Issuing a Timely Warning would likely identify the victim.

Anyone with information regarding an incident warranting a Timely Warning should report that incident immediately to College Security by phone at 717-391-7225, or in person at the MAC Security Office located on the Main Campus or at the Griscom Education Center Security Office located at 1100 East Orange Street Lancaster, Pa 17602

DATING VIOLENCE & STALKING

- **Forcible Sex Offense: any sexual act without consent i.e., rape, sodomy, fondling...**
- **Non-Forcible Sex Offense: conduct intended to result in sexual gratification without force or threat of force where the victim is incapable of giving consent i.e., a minor, incapacitated, mentally or physically impaired, under the influence of alcohol or other substance, asleep...**

Consent (an affirmative statement or action) cannot be given by a person who is unable to make a reasonable judgment concerning the nature or harmfulness of the activity because of their age (minor) intoxication; unconsciousness; mental deficiency or incapacity; or if the assent is the product of threat or coercion.

Definition of Statutory Sexual Assault:

3. Such conduct has the purpose or effect of unreasonably interfering with the individual's work or academic performance or creating an intimidating, hostile or offensive working, educational or living environment.

SEXUAL ASSAULT, SEXUAL HARASSMENT, DOMESTIC VIOLENCE, DATING VIOLENCE & STALKING (cont.)

Thaddeus Stevens College of Technology prohibits sexual harassment of its students and employees from any source, including employees, students, visitors, and consultants.

Employees and students may not threaten or imply that submission to or rejection of sexual advances will influence any decision regarding employment, enrollment, attendance, or grades. All parties are responsible for complying with the College's policy prohibiting sexual harassment and for communicating the policy to others.

Student and Faculty/Staff Relationships

Sexual relationships between faculty and student or supervisor and employee are discouraged.

Definition of Domestic Violence:

Domestic Violence includes felony or misdemeanor crimes of violence committed by:

1. A current or former spouse or intimate partner of the survivor;
2. A person with whom the survivor shares a child in common;
3. A person who is or was residing in the same household as the survivor; or
4. Any person against someone who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Definition of Dating Violence:

Procedure for Reporting Sexual Assault, Sexual Harassment, Domestic Violence, Dating Violence, and Stalking:

1. ACT IMMEDIATELY!
2. Get to a safe place.
3. Preserve all evidence. For victims of sexual assault and dating or domestic violence, do not shower, brush your teeth, or eat or drink anything. It is natural to want to clean up, but this may eliminate any evidence that substantiates the incident. If you change your clothes, you must put them in a paper bag (not plastic) to take to the hospital.

Campus Security can be reached by using an emergency phone. Emergency phones are located outside the following: Multipurpose Activities Center (MAC), Armstrong Hall, Herrington Hall,

SEXUAL ASSAULT, SEXUAL HARASSMENT, DOMESTIC VIOLENCE, DATING VIOLENCE & STALKING (cont.)

Metzger Hall, Bourne Hall, Brenner Hall, the Schuler Learning Resources Center, the Schwalm Student Center, Jones Dining Hall, Hartzell Building (south entrance), Hartzell Building (west entrance), as well as Kreider, and Snyder Halls. These phones will provide direct access to campus security.

4. Contact a campus resource immediately. Consider: Campus Security, the Student Health Center, Title IX Coordinator, Deputy Title IX Coordinator, Director for Residence Life, the Counseling staff, or a Residence Hall Advisor. Confidential resources on-campus include the Student Health Center (717-299-7769) or the Counseling staff (717-299-7408). Off-campus resources are the Lancaster Domestic Violence Center 24-Hour Hotline (717-299-1249), or the Pennsylvania Coalition Against Rape (PCAR) local Sexual Assault and Counseling Center Hotline (800-392-7273). You may also contact the US Department of Education Office for Civil Rights (800-421-3481 or OCR@ed.gov). Seek medical attention with the assistance of college staff and a SAPCC counselor.
5. Go to the Lancaster General Hospital (the closest hospital to campus) or any other local hospital for a medical exam and care. The hospital will collect physical evidence, generate a medical report, and provide information on the prevention of possible STDs and pregnancy.
6. Report the incident to college officials. Complete a Sexual Assault Confidential Report form, which can be obtained from one of the above listed campus resources or online at my.stevenscollege.edu.
7. It is the complainant's decision whether to notify law enforcement or to file legal charges against the offender. If a complainant chooses to notify law enforcement, campus authorities can assist the complainant in doing so. An investigation and disciplinary action by Thaddeus Stevens College of Technology does not take the place of nor prevent prosecution by law enforcement agencies.
8. The number for asexual assault counselor at the YWCA is 717-392-7273, a 24-hour hotline.
9. An internal investigation will be coordinated by the Title IX Coordinator and conducted by a trained investigator of the College's Title IX process. Upon completion of the investigation, the parties involved in the reported violation will receive a summary of the findings of the formal investigation including notification of any disciplinary action as appropriate. If either party disagrees with the outcome of the investigation, an appeal of the investigation must be sent to the President of the College.

College Response to Formal Complaints of Sexual Assault, Sexual Harassment, Domestic Violence, Dating Violence, and Stalking:

1. The College will open an internal investigation in compliance with the Title IX regulations. Investigations will be prompt, fair, and impartial.

SEXUAL ASSAULT, SEXUAL HARASSMENT, DOMESTIC VIOLENCE, DATING VIOLENCE & STALKING (cont.)

2. To the extent possible by law, complaints and/or incidents will be treated confidentially, and the rights of each party will be protected.
3. The College will provide accommodations or protective measures to both parties involved in the reported incident.
4. The College will notify both parties of the status of the complaint throughout the investigation.
5. The College will provide written notification to both parties about the options for available assistance or changes to academic, living, and working situations, including how to obtain protective measures.
6. If the investigation confirms the allegations, appropriate corrective action will be taken which may result in prevention, and/or educational sanctions or disciplinary action up to and including termination.
7. Either party may appeal the findings of the investigation to the College President.
8. Both parties will receive written notification of the closure of the investigation.

NOTE: Both parties are entitled to the same opportunities to have an advisor of their choice during a campus investigation proceeding. Both parties will also be informed, in writing, of any delay and reason for the delay, the outcome of any campus disciplinary action resulting from the investigation, opportunity for appeal, changes to the findings, when decisions become final, and the reason for the results and sanction imposed.

Conduct prohibited under these policies may be prosecuted as a criminal offense. Any internal investigation or disciplinary action taken by Thaddeus Stevens College of Technology does not take the place of, nor prevent, prosecution by law enforcement agencies.

Typical Sanctions for Sexual Assault, Sexual Harassment, Domestic Violence, Dating Violence, and Stalking:

A student found to have engaged in any of the behavior prohibited by this policy may be disciplined up to and including expulsion. If an individual has been suspended from the residence halls or the College, an individual's return will be subject to review and approval of the Vice President of Student Services, Title IX Coordinator and Director for Residence Life as appropriate. If the student is a commuter and retained by the College, then he/she will remain on probation for the remainder of the semester and not be permitted on campus after 6:00 PM for the designated time period. (An individual's return to campus after 6:00 PM at the outset of another semester will be subject to review and approval by the Vice President of Student Services, Title IX Coordinator and Director for Residence Life as appropriate.) In a case involving possible expulsion, the student is entitled to a formal hearing, in accordance with the College's Title IX policies.

SEXUAL ASSAULT, SEXUAL HARASSMENT, DOMESTIC VIOLENCE, DATING VIOLENCE & STALKING (cont.)

DUE PROCESS

Students will be afforded all appropriate elements of due process by the College. In a case where a finding of responsibility occurs the student is entitled to appeal the finding. This appeal must be submitted to the President of the College.

The following due process requirements are to be observed with regards to the formal hearing for all violations other than Title IX policy violations.

1. Notification of the allegations.
2. Sufficient notice of the time and place of the investigation and all proceedings.
3. The parties are entitled to an advisor of their choice.
4. The parties have the right to have counsel serve as their advisor.
5. The parties may identify the names of witnesses during the course of the investigation and hearing processes.
6. The parties' advisor is the person who will cross-examine the other party and their witnesses during a Title IX hearing on their behalf.
7. The live-hearing must be recorded and kept on file for three years. The parties are entitled, at the parties' expense, to a copy of the transcript.
8. The proceeding must be held with all reasonable speed.
9. The process of appeal is such that if either party disagrees with the findings by the decision maker, they have the right to appeal to the President of the College. The appeal may be heard by the President or his/her designee. The President is the final appellate at the college.

APPEALS PROCESS

Reason for Appeal: A party may appeal a decision in a case for the following reasons:

1. Severity of sanctions
2. Due process
3. New information that was not readily available at the time of the investigation.

SEXUAL ASSAULT, SEXUAL HARASSMENT, DOMESTIC VIOLENCE, DATING VIOLENCE & STALKING (cont.)

4. To determine whether the sanction(s) imposed were appropriate for the violation of a policy for which the student was found responsible;
5. To determine the presence of any procedural error which substantially affected the outcome of the case;
6. To determine if new information that is discovered which was not available at the time of the investigative process could have affected the outcome of the case.

PROCESS FOR APPEALING

A party wishing to appeal should submit it in writing stating the reasons for such a request to the President within two (2) days of receipt of the original decision. Appeals are due by 4:30 p.m. on the second day following the original decision. Sanctions may be in effect while a case is under appeal. Appeals are heard by the President or his/her designee. The decision of the President is final.

Resident students are responsible for the actions of any non-student who is visiting them. DISCIPLINARY SANCTIONS

EXCLUSION FROM THE COLLEGE AND/OR RESIDENCE HALLS

The Student Services Office, with substantial input from members of the TSCT community and with the approval of the President, will determine the kinds of charges that will lead to exclusion from the College and/or residence halls. Exclusion may take the form of suspension or expulsion. Typically, the charges resulting in exclusion from the College are defined as major violations indicated under Violations of the Code of Conduct, Major Violations in the previous section.

Suspension is exclusion from the College and/or residence halls for a period of one to five consecutive college days. Suspensions are given by the Vice President of Student Services or the Director of Residence Life. In cases of one to five days of suspension, no student shall be suspended until the student has been informed of the reasons for the suspension and given an opportunity to respond to the College official initiating the suspension. Prior notice of the intended suspension need not be given when it is clear that the health, safety, or welfare of the College community is threatened. The President for the College shall be notified in writing when the student is suspended. The student is informed in writing of his/her suspension from the residence halls or College for a specific period of time. The student's parents, guardians, or sponsors may be informed in writing of this action only upon consultation with the student.

Residence Hall Suspension: During the time a student is suspended from the residence hall he/she may attend classes; however, the student is not permitted in any of the residence halls. The student must leave campus after classes during the period of the residence hall suspension by 6:00pm or 20 minutes after their last class of the day ends.

College Suspension: During the time a student is suspended from the College a student is not permitted on campus and may not participate in any College sanctioned extracurricular activities regardless of where they take place (i.e., away sporting event, student organization activity, etc.).

Interim Suspension: The Vice President of Student Services or Director of Residence Life may impose an interim suspension and/or loss of privileges upon any student whose presence on campus constitutes a threat to the safety, welfare, or well-being to himself/herself or others of the Stevens community. In such cases, a disciplinary hearing shall be scheduled within five college days if the suspension exceeds ten college days.

Expulsion is exclusion from college and/or residence halls for a period exceeding five college days and may be permanent expulsion from the College rolls. During the period prior to the hearing and decision of the President in an expulsion case, the student shall be placed in his/her normal class except as set forth below.

DISCIPLINARY SANCTIONS (cont.)

If it is determined after an informal hearing that a student's presence in his/her normal class would constitute a threat to the health, safety, or welfare of others and it is not possible to hold a formal hearing within the period of a suspension, the student may be excluded from the College for more than 10 days if the formal hearing is not unreasonably delayed.

ADDITIONAL SANCTIONS

These sanctions can be combined with suspension, expulsion, or one of the other additional sanctions listed below.

Reprimand is when a student is informed in writing of his/her violation of the Code of Conduct. It is understood that further misconduct will result in additional disciplinary action.

Loss of privilege is when a student is not permitted to access a building, facility, residence halls, or participate in a college sponsored event or activity. A student may lose one or several privileges for a period of time to be determined by the Vice President of Student Services, the Director of Residence Life, or the President of the College.

Loss of Grant is when a student violates Code of Conduct Loss of Grant Policy.

Probation is when the student is informed in writing that he/ she must show a change in behavior over a period of time. If the student engages in other violations of the College Code of Conduct during the probationary status period, further disciplinary action will be taken ranging from loss of services to suspension to recommendation for expulsion. The period of time shall not be less than 15 days and may last up to one calendar year.

Restitution is payment for the loss, damage, or other associated cost to the student(s)'s behavior which may include but is not limited to medical bills, fines, services fees, or clean- up cost.

Fines are monetary charges imposed upon individuals.

Referral is when a student is required to seek an evaluation from a College Counselor or other professional on or off campus. The student is required to pay for all cost associated with the referral and must comply with the recommendations made by the person who conducts the evaluation.

Community Service/Civic Engagement is when a student is required to be part in a special program based on their offense. They give time without receiving compensation to an on or off campus organization or department. This community service may not be counted for the student's community service as required by the Stevens Grant or other College entity.

DISCIPLINARY SANCTIONS (cont.)

Cease and Desist Order

A cease-and-desist order can be imposed for an interim period pending hearing by the Vice President of Student Services or his/her designee as a measure to de-escalate a potentially volatile situation between a student and any other party. Imposing a cease-and-desist order carries with it the expectation that formal charges have been or will be filed or deemed in the best interest of the student(s) or College. Continuation of a cease-and-desist order may be included as part of a judicial/student conduct sanction.

Second offense of the College Code of Conduct within a year following a suspension may result in a five-day residence halls suspension with recommendation for expulsion. If the student is a resident and retained by the college, then he/she may be suspended from the dorms for the remainder of the semester and continue to be on probation. In addition, the student will be held to the same constraints as outlined below for a commuting student. An individual's return to the residence halls at the outset of another semester will be subject to review and approval of the Vice President of Student Services and Director of Residence Life. If the student is a commuter and retained by the college, then he/she will remain on probation for the remainder of the semester and not be permitted on campus after 6:00 PM for the same time period. An individual's return to campus after 6:00 PM at the outset of another semester will be subject to review and approval of the Vice President of Student Services and Director of Residence Life.

SECURITY INFORMATION SPECIFIC TO CAMPUS HOUSING FACILITIES

The nature and type of student housing at the Thaddeus Stevens College of Technology includes six residence halls, which allow for approximately 485 students.

Three (4) of our residence halls house only males and one (1) of our residence halls house only females. Griscom Education Center is divided by wings between male and females.

Students who opt to live off campus do so of their own choosing and are subject to the laws of both the community and Commonwealth in these facilities.

The procedure utilized in making housing assignments has, as its foundation, the creation of as much of a heterogeneous population as possible in each of the five dormitories. This is to say that each year the Vice President of Student Services and the Director of Residence Life make assignments, which create a balance of individuals from different backgrounds, races, and vocational/technical choices in each of the halls.

The underlying philosophy is that such a distribution is most conducive to the socialization and educational process on the Stevens campus.

As there are certain circumstances where students are totally incompatible with another student there are requests for reassignment, which are granted in the interest of all parties. This kind of reassignment is the exception rather than the rule, as in most instances we have found that given time and communication of concerns, students have been able to resolve their differences, whether they be with fellow students and/or staff members.

Students who make requests to reside with another individual prior to his/her matriculation at Stevens as indicated on a Housing Questionnaire forwarded from the office of Student Services, are granted due consideration and in most instances, honored.

SECURITY INFORMATION SPECIFIC TO CAMPUS HOUSING FACILITIES (cont.)

Second year students are normally granted the opportunity to choose their roommate from the same dormitory and at the director's discretion are granted the request.

Regarding identification and admission of visitors into student housing facilities, the procedure is that the Stevens student indicates to the Resident Hall Monitor that he/she has a visitor present and at the same time is held accountable for the behavior of that guest while present.

TSCT students are advised and encouraged to approach individuals they do not recognize as fellow students and ask them who they may be seeking or report them to the dormitory director or security for safety reasons.

Measures to secure entrances to student housing facilities include the following:

Dormitories are locked 24 hours each day. A student must swipe his/her ID card to gain access to the dormitories.

If a student returns without his/her ID card, a student may use the exterior emergency telephones to contact a security officer after hours.

The standard security features to secure doors and windows in student's rooms include in Herrington and Armstrong Halls, doors that have mortise lock sets with dead bolt features. Windows are standard double hung with window catches. Brenner, Bourne and Metzger Halls have doors with tubular dead latches and windows are standard double hung with window catches.

The type and number of employees, including security personnel, assigned to the student housing facilities are as outlined below.

Each dormitory is supervised by one Resident Hall Advisor.

Each evening Sunday through Friday starting at 4:00 PM one security guard begins his/her rounds throughout campus. A second begins at 5:00 PM through 1:00 AM. As the evening progresses one guard spends a larger portion of his time circulation throughout the halls as well as monitoring other areas of campus.

SECURITY INFORMATION SPECIFIC TO CAMPUS HOUSING FACILITIES (cont.)

Three guards work around the clock Monday through Sunday.

The Residence Hall Advisors provide additional coverage Monday-Thursday (4 PM-1 AM), Friday-Saturday (5 PM-2 AM) and Sundays (4 PM-8 PM).

The standard security training program which security personnel presently undergoes, is that of on-the-job training which is monitored by the Allied Universal Security Supervisor or Sergeant on duty at Stevens.

The type and frequency of programs designed to inform resident students about housing security and enforcement procedures include information published in the outset of the college year.

Dormitory advisors reinforce security measures in their daily contacts with students concerns they may observe on their various rounds.

During holidays and vacation periods some interns and workers remain in the residence halls; therefore, the security schedule changes in accordance with their departure. (Exceptions: Labor Day and Thanksgiving Holidays)

The housing of guests and others not assigned to the students housing must have clearance of both the residence hall advisor and the office of Student Affairs or the Director of Residence Life. The host student is then responsible for any inappropriate behavior on the part of the visiting student.

If the behavior of that visiting student is such that it is in violation of school rules and regulations, he/she can be required to depart from campus immediately or face possible legal sanctions.

FIRE SAFETY EDUCATION AND TRAINING

All Students are required to watch a Fire Safety Video. In addition, all resident students are required to attend a safety workshop conducted by the residence hall director. Residence hall directors have received additional fire safety training and will share relevant information with the students regarding living in a campus residence hall.

PROCEDURES FOR FIRE ALARMS

If a fire occurs, individuals are instructed to sound the building fire alarm by pulling the red alarm pull box and, if possible, call 911 then Security.

Once a fire alarm has been sounded, individuals should evacuate immediately using the nearest fire exit door or stairwell. Individuals should not use elevators because they may become inoperative due to the fire. If possible, abled persons should assist disabled persons in exiting the building. Disabled persons who cannot use stairs should wait in the stairwell until security or firefighters arrive. Individuals should notify security officers or fire authorities of the location of any disabled persons remaining in the building. Individuals should also notify security officers or firefighters if they suspect that someone may be trapped inside.

The fire alarm may not sound continuously. Even if the alarm stops, individuals should continue the evacuation. Warn others who may enter the building after the alarm stops.

Individuals should evacuate to a distance of at least 500 feet from the building and out of the way of emergency personnel. Individuals should not return to the building until instructed to do so by security officers or other authorized personnel.

When a fire alarm has been sounded or a fire is reported to Security, the security officer will initiate the notification procedures for contacting appropriate personnel.

HOW TO REPORT THAT A FIRE HAS OCCURRED

For the purpose of counting and disclosing fires in the College's annual fire statistics, individuals should notify the Campus Security Department at 717-391-7225 that a fire has occurred.

FIRE SAFETY IMPROVEMENTS
